

Wastewater Treatment System Certification

Gallatin City-County Health Department, Environmental Health Services

In accordance with the Regulations for Wastewater Treatment Systems (effective June 27, 2004), Section 7, **a completed system certification form and as-built is required for all wastewater treatment systems installed and must be submitted to EHS within 30 days of the date the inspection was scheduled with EHS. Failure to submit a system certification form and as-built for an installed system may result in the invalidation of the permit and the revocation of the registration of competency.**

Please print or type the following information (black or blue ink):

Scheduled Inspection Date: _____ Permit Number: _____

Property Owner: _____

Site Address: _____

Type of System Installed: _____

Size of Septic Tank: _____ Double / Single Compartment (Circle one) Size of Dose Tank (if used): _____

Size and Type of Pump: _____

Name of Installer: _____ Type of Drainfield Installed: (Circle one)

Business Name: _____ Gravel & Pipe / Gravelless Chambers

Certification Of System Installation

I hereby certify the above-referenced wastewater treatment system was installed in the approved location and in accordance with the approved plans and applicable regulations. All required setbacks have been met and all materials used in construction of the system comply with state and local regulations. I also verify that any water well on site at the time of the system inspection was located according to the approved plans.

Date

HEALTH DEPARTMENT USE ONLY

Installation Approval By: _____

Date: _____

Final Approval By: _____

Date: _____

Final approval is the approval granted upon review and acceptance of the system certification and as-built drawing. The permit to construct then becomes a permit to operate the system as approved.

Inspections are performed only for determining compliance with these regulations and the approved permit. EHS is not responsible for ensuring workmanship. Final approval of a wastewater treatment system shall not be construed as a guarantee to the life expectancy or operation of the system.

Permit To Operate: Approved for _____ Bedrooms or _____ GPD
